

CHAIN OF LOVE HOMES, BRAZIL

Alessandro is a loving, affectionate boy who was born on May 29, 2010. He came to Chain of Love on February 20, 2020.

Alessandro was adopted by a family from an orphanage, and then after three years with that family they returned him to the authorities. The family also returned his sister Kaila to the authorities as well. (Alessandro originally was born into a different biological family than Kaila and then was adopted into the same family).

It seems the family didn't know how to handle two children from different backgrounds and perhaps they didn't know how to raise them properly (they were not ready to raise kids). The parents fought a lot and blamed the children.

Both Alessandro and Kaila are now here at COL and get along very well with each other. They protect one another and are very attached to each other. They were placed together in COL's House 5 where Israel and Fernanda are houseparents.

Alessandro was not ready to leave his home and is taking some time to adjust to COL. Coming to COL really shook him up and, in fact, he's still shaken up. He keeps his feelings to himself and he can't express what he's feeling. He has sessions with a psychologist and takes medication.

Alessandro is an intelligent and active child. He enjoys playing games, especially soccer. He also likes to play on the computer.

We are so delighted and happy that you are sponsoring Alessandro ! Please know we are deeply grateful for your kindness and generosity.

Some sponsors have asked us about writing letters to their sponsored child or sending small gifts. If you would like to write to Alessandro, please know that would be welcome. Our children love receiving mail! (We will translate your letter from English to our language of Portuguese). On special occasions, money and/or little gifts are also welcome, but please do not feel any obligation whatsoever.

Any future letters from Alessandro will be translated into English and then sent to you. We will also keep you informed with updates from time to time.

From our hearts, thank you again for this wonderful and highly important role you are playing in Alessandro life!

Alessandro and Kaila
