

## CHAIN OF LOVE HOMES, BRAZIL

**Kaila** is a sweet little girl who was born on October 9, 2012. She came to Chain of Love on February 20, 2020. The name Kaila is the Portuguese equivalent to the English name Kyla and is pronounced likewise.

Kaila came to Chain of Love after suffering neglect and physical aggression. She had been adopted by a family and then was returned by that family to the authorities, along with Alessandro, a brother whom she is very close to. (Alessandro originally was born into a different biological family than Kaila and then was adopted into the same family).

Kaila and Alessandro were both placed in COL's House 5, where Israel and Fernanda are houseparents. She has adjusted very well to Chain of Love, her family in House 5, and her houseparents, especially Israel.

Kaila is a very happy child, a wonderful little girl. She likes to talk a lot, is very intelligent for her age, and is strong natured. She does struggle with hyperactivity but, according to her housemother, she is an open, transparent child who "shows what she is."

Kaila attends an all-day school program. (Most children in Brazil either attend school in just the morning or just the afternoon). She likes to study and shows affection and fondness towards other people.

We are so delighted and happy that you are sponsoring Kaila ! ! ! ! ! ! ! ! ! ! Please know we are deeply grateful for your kindness and generosity. Some sponsors have asked us about writing letters to their sponsored child or sending small gifts. If you would like to write to Kaila, please know that would be welcome. Our children love receiving mail! (We will translate your letter from English to our language of Portuguese). On special occasions, money and/or little gifts are also welcome, but please do not feel any obligation whatsoever.

Any future letters from Kaila will be translated into English and then sent to you. We will also keep you informed with updates from time to time.

From our hearts, thank you again for this wonderful and highly important role you are playing in Kaila's life!
